"The Bubble I Am In"

I'd like to stay and linger in these very moments
At least for a year.
But I am floating on the surface of my life
It seems I can't control anything.
Like an outsider, that came in.

I always thought that I need to prepare
For things to come, it turned out I'm already
In the middle of my life, and it's the only one I've got.
What was I waiting for? It's all happening now.

And living often in between of hopes and dreams and
fears.
Stay still for a while and then you're here.

Ran in my life and ran when it begin,
What is the bubble made if I am in?
Sometimes I ask myself which is the right question to
ask myself.
Ran in my life and ran when it begin,
What is the bubble made if I am in?
What is the bubble made if I am in?

So you should take it, 'cause if you look the wrong way
At the wrong place, the wrong time, the wrong day
It can easily happen like you missed your life.
Well, isn't for it to arrive?

Ran in my life and ran when it begin,
What is the bubble made if I am in?
Sometimes I ask myself which is the right question to
ask myself.
Ran in my life and ran when it begin,
What is the bubble made if I am in?
What is the bubble made if I am in?

Isn't it hilarious walking side by side?
And everyone's thinking is the only lonely
And they're asking themselves.

What is the bubble, what is the bubble made if I am in?

What is the bubble, what is the bubble made if I am in?
What is the bubble, what is the bubble made if I am in?
What is the bubble, what is the bubble made if I am in?
