As I precede to count my dividends plenty ends that I  
done made

With plenty bitches, with plenty men that they done  
played

I'm laid back up in the cut with a cup of yak

I raise up with all the game that I've been holdin' back

Take your pumps off bitch, let me check out yo heals

We pimps from Houston, Texas to California for real

My pockets hurtin' baby, I need some financial love

So get where you supposed to

And do what you does, get your facial done baby

Do your physic well, no holdin' jail over, resent mail

No hoes with no clothes torn up and ripped apart

Domestic violence bitches want out battered and  
scared

You fake hoes take of your drawls take yo pajamas

Beat it with a hammer and scrape it across the ground

I found a new bitch for MJG and the Luniz

This pimpin' got me on cloud 10, I'm feelin' zumie

Hustlin', it's in my nature

Hustlin', don't be afraid

Hustlin', it's in my nature

Hustlin', don't be afraid

I'm creatin' havok on hood spots

The hustle don't quit until the good stop

But don't sleep, we leavin' cars on wood blocks

An' lookin' for could be nots drivin' by lookin' wide eyed

Gone acid washed jeans, T-shirt lookin' tyedyed

FM beats lettin' loose on big trips to Vegas

Candy green polly dubbed nips lookin' outrageous

Big pimpin' and panderin', big boostin' and gamblin'

Everything is all good until police start manhandlin'

Picture me grappled, scrapped, snatched up by yo  
asshole

Indicted on some chump charges that I didn't even ask

for  
Gettin' hastled by wild boys, like gettin' lassoed by  
cowboys

Any instructions given, he put some more shit on like  
now boy  
Like I'm supposed to jump out my Nikes and start  
sweatin'  
Boss said anything, I'm makin' the plan to start jettin'  
off  
Ooh ah, don't look behind until my shoes stop  
The only thing on my mind is losin' you cop

Hustlin', it's in my nature  
Hustlin', don't be afraid  
Hustlin', it's in my nature  
Hustlin', don't be afraid

Someone's knockin' at my door, oh who could it be  
Big baller with the sawed off, choppin' off all below  
your knees  
I testify, not glorify, when I get high, tell all that listen  
What I see through my blood shot eyes, my peers they  
die  
Why, over they set they ride on cheddar cheese

On they knees, how one to the head behind them keys  
I dip through, the town on a rocket ship sittin' on twinkie  
Smokin' sticky and breathin' until my breathe get stinky  
Pops that pinky, never could seem to get his shit  
together

Ran like DMC, left me livin' tougher than leather,  
teenage eyes  
Soakin' up the streets like a sponge, drugs and guns  
And freakin' hoes seemed to be so fun, from the  
beginnin'  
I've been sittin', tryin' to be winnin', dissin' bitches

Fuckin' hoes, conversatin with women  
Workin' out pimp ass nigga since my day of birth  
It's in my blood nigga  
I'm gonna hustle till I leave this Earth

Hustlin', it's in my nature  
Hustlin', don't be afraid  
Hustlin', it's in my nature  
Hustlin', don't be afraid

Nigga, it's in my blood to fuck around with these thugs  
Straight villans, drug dealin', 38 snuff consume,

niggas buck pealin'  
I love millions, plus stackin' them chips on up to the  
ceiling  
Sittin' on fat like banks, without no scratch and no dank

We gettin' bank, to set it off like Jada Pinkett  
In a major way, just witness, business flossin'  
Boss playas kickin' champagne wishes before this rap  
business  
Playas I went from rags to riches, to havin' cash and  
bad ass bitches

Since day one, yo nigga been slangin' that A-1 Yola  
Hit ups savings for razor blades and bakin' soda  
Paper chasin', usin' V-12 to swell up the cola  
Baby just shakin', turnin' the liquid form into bolas

I Chef like Raekwon, those friends that wanna blaze  
One come over, dropped the Napalm until you scream  
Straight cream on up, coughin' up they lungs  
They come back screamin' for more when it's over  
Slangin' these head rhymes to young soldiers  
These [unverified] known as hustlers, nigga

Hustlin', it's in my nature  
Hustlin', don't be afraid  
Hustlin', it's in my nature  
Hustlin', don't be afraid

Hustlin', it's in my nature  
Hustlin', don't be afraid  
Hustlin', it's in my nature  
Hustlin', don't be afraid

Hustlin', it's in my nature  
Hustlin', don't be afraid  
Hustlin', it's in my nature  
Hustlin', don't be afraid
