I got a pocket full of sand
I got a dream in my hand
I keep it to my heart
Even if you don't understand
I got a plan A
And that's all I really have
I'm flippin' the quarter
I don't know where it lands

But that's the wonder of it all
You wanna fly, you learn to fall
Maybe I will lose it all

When everything unfolds
I will be unbreakable
Through the undertow
I will stand my ground
And in the dark I glow
And I will be invincible
You can't break me down, oh
I will be unbreakable

Digging in the dirt
I've been there and I've been hurt
I've held my head high
Even when I didn't understand why
I should stick it out
Get rid of all the doubt
I'm spinnin' the wheel of luck
And no one knows what happens now

But that's the wonder of it all
You wanna fly, you learn to fall
Maybe I will lose it all

When everything unfolds

I will be unbreakable
Through the undertow
I will stand my ground
And in the dark I glow
And I will be invincible
You can't break me down, oh
I will be unbreakable

I'll be unbreakable, I'll be unbreakable
I'll be unbreakable, I'll be unbreakable
I'll be unbreakable, I'll be unbreakable
I'll be unbreakable, I'll be unbreakable

When everything unfolds
I will be unbreakable
Through the undertow
I will stand my ground
And in the dark I glow
And I will be invincible
You can't break me down, oh
I will be unbreakable

I'll be unbreakable, I'll be unbreakable
I'll be unbreakable, I'll be unbreakable
I'll be unbreakable, I'll be unbreakable
I'll be unbreakable, I'll be unbreakable
