[Verse 1 - Lupe Fiasco] Hey Bitch You smell like my old pussy The phone callâ€<sup>™</sup> s you send out last night is probably being recorded Just know that I did it for the four of us And those mutherfuckers kept ignorinâ€<sup>™</sup> us After this lâ€<sup>™</sup> m going underground If they come asking give them the run-around How does Costa Rica in the summer sound? Couple days then we moving to another town Yea I know them dreams, seems Just know that timeâ€<sup>™</sup> II never come between Space either, fake features Things that we reject but connects all us believers The insurrectionâ€<sup>™</sup> s gone viral They' II never stop it now I hope it all spirals Outta control, like a dam with a hole From here on out itâ€<sup>™</sup> s all about survival The way we left things they probably think we rivals But donâ€<sup>™</sup> t be naive, they hate you more than I do Remember always speak in opposites, I hate you so much, itâ€<sup>™</sup> s such a compliment I know that defies the common sense, but we ain't never been right: honestness We never fit in school, and never did rules, but who' d a thought we' d turn out bombing shit

#### [Hook]

 $l\hat{a}$ €<sup>™</sup> m giving you a nightcall to tell you how I feel I want to drive you through the night down the hills  $l\hat{a}$ €<sup>™</sup> m gonna tell you something donâ€<sup>™</sup> t want to hear

l' m gonna show you where it' s dark but have no fear

[Verse 2 - Lupe Fiasco] He said he was just so tired, of them fighting our water with fire He said that we need something drier, to really impress the empire Funny cause he really hated war, but why we went to war is what he really hated more

Said itâ $\in$ <sup>m</sup>s silly how that our schools make us stupid and our jobs make us poor

When he came back from the Corps, is when he really got serious

Read a lot of books, started acting all mysterious The VA is what really made him furious, told him his condition didnâ€<sup>™</sup>t exist, period

Thatâ€<sup>™</sup> s why he started that petition, went all the way to Washington, said they didnâ€<sup>™</sup> t listen to a white male Christian

He just laughed when they took our father  $\hat{a} \in {}^{\mathsf{TM}}$  s pension

He said that you gotta act in opposites, helps you hide your tracks when you stand up to the dominant

But I knew he felt bad, told me later was the saddest day he ever had

To see our dad so hopeless, that was the turning point that  $\hat{a} \in {}^{\mathbb{M}}$  s what really gave him focus

I didnâ€<sup>™</sup> t agree with everything, some of it made sense

But never thought that he would do something like this

[Verse 3 - Lupe Fiasco]

I know you donâ€<sup>™</sup> t watch but your brother was on TV Couple guys in black suits came around to see me They went through all your bookâ€<sup>™</sup> s and took all of your CDs

My granny said youâ ${ \in }^{\rm \tiny M}$  d be all right, she saw it in the tea leaves

All the operations going well, had a lotta contact from all the other cells

Everybody, everywhere is calling you a hero

They going through the rubble, but the body count is zero

It  $\hat{a} \in {}^{\mathsf{TM}}$  s all violent and bloodless, I know the government really loves this

This account is hacked, you know how to keep in touch l' ll never see you again, l hate you so much

### [Bridge]

Thereâ€<sup>™</sup> s something inside you Itâ€<sup>™</sup> s hard to explain Theyâ€<sup>™</sup> re talking about you boy But youâ€<sup>™</sup> re still the same
