I'm feelin' like  
I ain't feelin' right  
I'm feelin' like  
I'm feelin' fly  
Right in the sky

Unidentified  
Flying object  
That I sit inside  
You can get a ride  
Just get in line

Hand by your heart  
Like memorize  
Ask God please  
Could you energize?  
Beam on up  
To the Enterprise

From the inner-city  
Or the winter-city  
Where's Mini-mini?  
Not Mini-me's  
Only Mini-me's

Not a lot of hymns  
Only one eye  
Whole lot of them  
Saw a cyclops  
That's a eye clock  
Like a Rolex  
With a eye patch

See what I got  
Matches on the wall  
Plus a crazy flow  
Suicide watch  
I'm just killin' time  
Plus I'm insane  
In a straight jacket

But it's Romanelli

I'm just gettin' back  
For now it's kinda poor  
Want to have things  
Couldn't afford a Pelle

So don't mind me  
'Cause I ain't got a mind  
I don't front hard  
I ain't got a mind  
I'm just gettin' mine

But don't step here  
Because it's unbear  
That I didn't find  
Nympho mo' top  
Like a mohawk

I remember when  
I was so not  
It was no locks  
Man, I couldn't ball  
I was so bald  
Robocop

I was Mr. Clean  
Now I'm Mr. T  
But a different team  
F & F rules

Call me F.I.  
From the west side  
And I'm underground  
Pepperin' you fool  
(Yeah, homey)

Creepin' on a come up, history, we gonna rewrite that  
Left for a minute but I told you I'll be right back  
I know you're slummin' and you feel me want to be like  
that  
Well you can't see me, that's 'cause everything is black  
Black, black, black, black, black, black, black

And I'm feelin' good  
Like a villain would  
If he was doin' bad  
Kill Superman

Tied to a log  
Push into a saw  
Take a little dog  
Right through the fan

And it mean man  
Like a dictionary  
Like a definition  
Like you never listen

Not the 'Ition' endin'  
But the def part  
Break it in half  
Like an intermission

You'll see then  
What I mean then  
Or what I meant there  
Doesn't impair

Now you're learnin' it  
Keep rehearsin' it  
'Til it's permanent  
Like pimp hair

Got an empire  
I'm the emperor  
Like the cat were  
I'll be faster

You're tryin' to add syrup  
Just to slow me down  
But I blow 'em down  
Like I'm half-were  
That's wolf-man

You got a full house  
I got a full moon  
Then I pull out  
The ace up my sleeve

Like my hand hurt  
Lend me your chips  
What they took now  
What they put now

Gotta look down  
And check your shoulder  
'Cause I'll be over  
Like a boater

You got boulders  
In your loafers  
Put your foot down  
While I Ottoman

Or a Laz-E-Boy  
Or a handstand  
See I elevate  
Like Otis  
My toes is

And my flow sick  
Let it marinate  
Try to break it down  
Might take a while  
All good though

I'll wait around  
While you chase it down  
That white rabbit  
Down that long hole  
Like paper towels  
(Yeah, homey)

Creepin' on her, come up mystery, we gonna rewrite  
that  
Left for a minute but I tell you I'll be right back  
I know you're slummin' and you feel me want to be like  
that  
Well you can't see me, that's 'cause everything is black

Black, black, black, black, black, black  
Black, black, black, black, black, black, black  
Everything is black

Black, black, black, black, black, black  
Black, black, black, black, black, black  
You can't see me

So this light's out  
Like a lighthouse  
In the daytime  
Make it lay down

Make it go to bed  
Make it go to sleep  
Like D-Bo  
When he was chokin' Craig

That's a headlock  
It's what I said I got  
The whole game in  
Like shooter box

Then the Shokazuki

If you don't know the movies  
I ninja vanish  
Michael Dudikoff  
I get super low  
I get super lost

I be super cool  
Like a super boss  
Say they super bad  
But they super soft  
Like super chicken  
Without the super sauce

Let's step out  
It's a rap now  
Blow your candles  
And your lamps out  
When I pull up  
You can pull the plug  
'Cause it's game over  
It's a black out

Creepin' on her, come up mystery, we gonna rewrite  
that  
Left for a minute but I tell you I'll be right back  
I know you're slummin' and you feel me want to be like  
that  
Well you can't see me, that's 'cause everything is black

Black, black, black, black, black, black  
Black, black, black, black, black, black, black  
Everything is black

Black, black, black, black, black, black  
Black, black, black, black, black, black  
You can't see me
