(verse 2)

Ceso road sold world when genocide into the countryside jus to get his shine on...  
i fear wit the beers and and his peers used to do..before the world really knew jus to get ther mind on..makin paper wit slave laba and hittin little kids wit life time beards makin them cuttin shine stones..inlatin

the price and makin them look nice and i wasnt thinkin  
twice wen i was puttin my own..i baught a young shawty  
in scierra leaon or the conflict countrys that people call  
home...i figured that i'd neva go to Angola so it neva  
did effect me that maybe indirectly..that my necklace  
was fundin a rebellion or a milatery crew started by  
milicious's that dont believe in followin none of giniva's  
rules..i was brushin of the hater's tryna be cool..didn't  
have a clue that the rapper's were helpin the  
rapers..raiders are the villagers..pillagers are the  
schools..shooters are the innocent..torcherer's are the  
witnesses..burners are the busines's..and my bracelet  
was the few..i aint pushin an agenda homie im jus  
pushin the facts fuck bush...cuz his people doin worse  
on this earth and they black...im sick that they  
here..now let me bring it back...

(Verse continued)

we all no for shure that they finance war's but ask  
yaself do they finace yours?..when i first got mine i  
took em out on tour..to they they lost half they value  
when i took em out the store..or it was full of moise of  
knights and cubicx...but the jewla knew i was stupid  
and that i couldn't prove it...feelin like i need it cuz i do  
music..to impress the groupies and the intaviewer's...so  
i didn't praise it nor did i loop it..even gave em to my  
girl thinkin i was cupid..homies was on hate hopin they  
could make me lose it..creepin thru my own hood knew  
i had to remove it..i see the russian mafia the jewish  
mobsters..the undacover terrorists..and the traps for  
the hustler's homie its a rap for the nonsense  
rhymin..props to kanye i call it conflict diamonds...
