(feat. Sarah Green, GemStones)

[Gemstones]

If we can break down those walls to set you freeee
we would, cause we out heeeere...
And we miss yooooou...
If we could build a ladder that tall to come and see
yooooou
we would, cause we down heeeere...
And we miss yooooou...

[Sarah Green and Gemstones]

If we can break down those walls to set you freeee
we would, cause we out heeeere...
And we miss yooooou...
If we could build a ladder that tall to come and see
yooooou
we would, cause we down heeeere...
And we miss yooooou...

[singing continues as music fades]
