[Hook]

You shine like the lights of Las Vegas
You feel radiant and outrageous
You're confident?
How dare you?
You don't do me like that
I got my eyes on like the fire zone
Let's be bygones
Won't you come and be a line in one of my songs?
Maybe a whole verse, maybe the whole Earth my home
So let me show you around the crib
Tell you what I do, I show you what I did
Flow is on the stove, cooking for the kids
Wrist is in the freezer, heart is in the fridge
Weak moment up, plug the up
Turn up the oven door, turn the saunas up
Stretch the Benz out

If it ain't long enough
Send a villain
They no longer us
Hop up out the coupe
Hop up on the bus

Code name for Rosa
We in a better place
Give us condolences
It's like a?

[Hook]

And I hope it's all up to your standards
Cause babies really need to be pampered
I'm behind these tents like a camper
Cause you're out there shining like chandler
Like a chandelier standing there in your radiance
I think we all need some shadiness
Or some vision care
Oh no you didn't dare
