I'm not a choo choo, I'm a tugboat
Hater pray to god that I turn slow
Like I'm sipping on purple
But I ain't on your glow

I'm in a whole 'nother circle
Tryna keep it clean like church clothes
Said that respect was something had to work for
But that ain't gonna work though

Get your respect but lose all my worth, no
You can get that, get a hearse, go
On eve 48, you'll find a killer in the first floor
It was me, boy, to commercials

Feeling out of place like PETA at a fur store
So I left with a couple dozen fur coats
Said I could never break away from your hold
Watch me turn though

Said that I blew it like Turquoise
Just mad, hear it all in your word choice
Know it hurts but I really don't care though
Let me rub it in, get it all up in that hole

I can see the morning creeping up on us
It's like the world's in my hands now
I'm feeling so rebellious
From all of the envy crowding around me

I don't wanna care right now
(I don't wanna care, don't wanna care right now)
I don't wanna care right now
(I don't wanna care, don't wanna care right now)

Oh oh, God over everything
You fly but stars over everything
And I'm one of them, yeah, I'm one of them
Oh, I'm not one, well, I'm a hundred then

I'm a hundred mother loving stars
You're no lights, you're an undercover car

I'm an ambulance and a fire truck
And some strobe lights tied up

Shining all in your eyes
And all out of yours and all into mine
Lights and stars is all intertwined
And I'm feeling like Malcolm looking all out the blinds

Any means, any means
And you can do anything, anything
And the flow tight, skinny jeans, skinny jeans
Hit you like Pacquiao, Philippines, Philippines

I can see the morning creeping up on us
It's like the world's in my hands now
I'm feeling so rebellious
From all of the envy crowding around me

I don't wanna care right now
(I don't wanna care, don't wanna care right now)
I don't wanna care right now
(I don't wanna care, don't wanna care right now)

Y'all know I'm a looter, I'm a Lupe
Yes, sir
(Who they?)
They yester and I'm today
And tomorrow, hooray

Can I get a hip-hip for the new K-I-N-G?
Nigga, I am he
Got the game in the clutch like I am G
You ball, little boy, but I N-B-A

With a hand for the world
You a boy band with a dance and a twirl
I'm a rock star with a band so thorough
Big ass tour bus that's jammed full of girls

Tell 'em what it do
Holler from the bottom, yell it from the roof
Tell 'em what it do
I don't care about your curfew, I'll tell you when I'm
through, boy

I can see the morning creeping up on us
It's like the world's in my hands now
I'm feeling so rebellious
From all of the envy crowding around me

I don't wanna care right now

(I don't wanna care, don't wanna care right now)
I don't wanna care right now
(I don't wanna care, don't wanna care right now)

Tell 'em what it do
Yell it from the bottom, yell it from the roof, boy
Tell 'em what it do
Holler from the bottom, yell it from the roof, boy
Tell 'em what it do
Holler from the bottom, yell it from the roof, boy
Tell 'em what it do
Holler from the bottom, yell it from the roof, boy

I don't wanna, I don't wanna
I don't wanna care right, care right now
I don't wanna, I don't wanna
I don't wanna care right, care right now
