They thought it was cool to burn crosses on your front
lawn as they hung you from trees in your backyard
They thought it was cool to leave you thirsty and
stranded, Katrina!

He thought it was cool to carry a gun in his classroom
and open fire, Virginia Tech, Columbine Stop the
violence!

They thought it was cool to tare down the projects and
put up million dollar condos, Gentrification

They think it's cool to stand on the block hiding product
in their socks to make quick dime bag dollars

They think it's cool to ride down on you in blue and
white unmarked cars busting you upside your head
Freeze...

'Cause the problem is we think it's cool too
Check your ingredients before you overdose, on The
Cool...
