on another check don't want none of that,  
with no water and no slaughter  
no breaks i just continue on, but no takes,  
uh, i keep going, i keep flowing, no stopping at  
uh, and see everybody watching that,  
you see i got the lock, so I'll be lockin' dat  
you can't get the keys, especially from me!  
i keep em so excited in my pocket,  
you'd better watch it, a matter of fact you'd better stop  
it,  
i'm too hot, better hop scotch it, and go up down the  
block,  
or you might get shot, one two ..  
plop plop plop

my flow is like a [censored] or [censored] nah, Heckler  
and Coch  
Push you up straight, nigga, for your face when i come  
throughâ€¦;  
I ain't hittin' hearts, I'm just aimin' for the brain, tryna  
make em smarter and take em out of danger's way  
uh, it's entertainment day, show the shortest how to  
maintain the way, it's so righteous, the nicest, and do it  
like is priceless, iceless  
no, i got a couple those watching in a couple cars,  
and i keep a couple flows in a couple bars,  
and i keep a couple hoods in a couple stars,  
and my back pocket you can backwash it,  
You better back-stop it like it's cricket,  
i keep a wicked googly when i stick it, be like the Bat-  
man, inchin'  
you can come through just don't pitch it out  
knock it out the park and be so dark by the time i'm  
done  
there'll be no sun, there'll be no one, see the crowd so  
empty,  
i'll still be there roundin' see it, don't tip me,  
i don't feel guilty either, i's feels so filthy when I wrote,  
flowin' like ether,  
Burnin' that [shit] down, turnin' it [censored] words  
around and showin' them there's better ways to get it

down.

yeah, yeah, i'm feeling like a iPod, look at my God and  
bow my head down to heaven, see  
i pray to the east, i try to do it seven times a day  
do my way, may god forgive me for the prayers that i  
didn't do  
and for the fast that i didn't fast  
i hope you make my success last longer than the rest  
of them,  
Or if not, keep me so intelligent that i stay beyond it  
and don't care about they success or they chains,  
i don't care nowhere, uh, but i do care about you, don't  
ever let em doubt you,  
don't ever let em tryin' to put the mouth to the violence,  
the silence,  
that I bring is so definite to the ears and the eyes  
and they can watch it if they want to  
uh uh, see it's gonna haunt you  
the ghosts of the past come through so fast  
you lay em down but the they can't, they tryna put it in  
the trash, but it jumps out the garbage  
and still returns to be hottest on the market. LU!
