Abraham Talked
Muhammad Talked
And Moses split the sea
Jesus Walk with me
I ain't tryin' to profit of the prophets so this one's here's
for free

G's up along with Muhammad and Jesus
In the Quran they call him Isa
Don't think Osama and Saddam is our leader
We pray for peace, but the drama intrigues us
All, so we fall for the illusions of the beast
So instead of tryin to teach we show our teeth
Saying God, different beliefs
Hijabs, Sunday clothes, Yamika, Kuffi, same mission
beneath
We all tryin' to get to where the sufferin' ends
In front of the Most High being judged for our sins
Can't front from the Most High,
So the struggle
Continues
You, every bee, bird and tree, he, her and me
We virtually on the same boat
With the same goats, on the same sea
Tryin to stay afloat,
And put the devil in the yolk
With a couple of God's quotes

Abraham Talked

Jesus Walk with me

And to the sisters and the mothers of ours
Who cover their selves cuz they're lovers of God
The Creator of the worlds, Sculptor of the stars,
During Hajj we walk, through Ramadan we starve
Though you not eatin', there's a feedin' of the mind
A defeatin' of the demons, a seein' of the signs
A leanin' on the lines from the Surahs
Getting purer, God deemed it unclean
There's no eatin' of the swine
Nor drinkin' of the wine
We all bend to his whims,
So I send out greeting's to my kind
I'm cordial to Mr. Norfull, Mrs. Adams you're the theme
song when I'm battling
Creb flow, player what's happenin?
I can hear the truth in your rappins'
No sex before you marry
No grudges you should be carry
No lying
Not supposed to be gamblin'

I know it sounds familiar
We all the same man
It's all a game
The devil hate each and every one of us exactly the
same
No matter what u walk wit

You know

And To my Akh's tryin' to stay on their deen
It gets mean especially when u stay on the scene
And at the same time try to stay out of trouble
But don't forget the blessing is in the struggle
The Most Forgiving will forgive it if you stay repentant
and hustle
You gotta stay on your Salats, your Zakats, your Quran

To my homies and miskeen
Astaghfirullah,
Allah forgive us all
For we all are sinners
Bless us to be among the winners
When it ends
But until then please strengthen the mission within our
hearts
All praise is due to God
Amen
Tellin' it how it was taught me
I ain't tryin to sell
It can be brought for free
This is how it is
Not how it ought to be
Muhammad talk to me
Jesus walk with me
