And what we have here...(somethin' great!)
..Trey!

Girl I want you to know
I can't get you out of my head, my head, my head,
Girl I want you to know
I don't even know what you did, you did,
you did, but I love it

Uh uh everything hooks, everything works
you 're a real good chorus I'm a real good verse
free style un-rehearsed
So pain, no curse
and when the songs gone..
man everything hurts
So I put it in reverse, go back
to the scene where I 've seen you first, yeah I need you
to sing that single again
Play that video I seen you up in
A hundreds millions fans
in my mind all day
Calling in request on the line
always yeah
the president of ya fan club
Leave them playaz all behind like a band love

Chorus:
Girl I want you to know
I can't get you out of my head, my head, my head (i
cant get you out now)
Girl I want you to know
I don't even know what you did, you did,
you did, but I love it.

Playa need a minute like in time
Id intend this for a finish,
how I get in
this Maybe what you hear, maybe was your flair
Maybe its the heels in the way

you wear
Maybe its your real in the way

you care You don 't care if I 'm ill or millionaire
The only thing that matters is that the feeling 's there
Your smiles so bright like a grillz in here
High off life don't need a pill in there
You 're killing me I think I need a will in here
Got me feelin real skills impaired
Hard to describe why
you 're still in here

Chorus:

Girl I want you to know
I can't get you out of my head, my head, my head,
Oh, girl I want you to know
I don't even know what you did, you did,
you did, you did, but I love it.

Don't care when nobody say ('cause I like it girl)
might be goin ' crazy tryin ' to figure this out (naa
but I like it girl, don 't even know why I feel this way (but
I like it girl), caught up in somethin that I can 't get out
but we like it girl.

Chorus: x2

Girl I want you to know
I can't get you out of my head, my head, my head,
(I can 't get you out now, said I can't get you out now)
Oh, girl I want you to know
(I want you to know)
I don't even know what you did, you did,
you did, but I love it.

Just make it sure I don 't even know
But I love you
I can't get you of my head, ohh.
