You must be  
A radio station  
And who are we, we must be  
A number one songs spinning all day long

And over again and over again  
And over again and over again  
And over again and we know when  
When we call in and nothing's free

Sounds to me like  
State run radio, state run radio  
State run radio, state run radio  
State run radio, state run radio  
State run radio, state run radio

We interrupt this broadcast  
To bring you this special message 'bout the forecast  
The future's cloudy and it's rainin' on the poor class  
Road to peace is closed, heavy traffic's on the war  
paths

Love is ballin' on a budget  
The military says it's gon' need more cash  
To keep fighting for your gas, keep us in our hoods  
And hope we never explore pass, stay inside of your  
half

Believe the lies you learned in your class  
That there's no treasure in your trash  
And the ceiling has the same feeling that the floor has  
And that's where you should stay, this is what they play

Over again and over again  
And over again and over again  
And over again and we know when  
When we call in and nothing's free

Sounds to me like  
State run radio, state run radio  
State run radio, state run radio  
State run radio, state run radio

State run radio, state run radio

Your now tuned into the weakest  
Frequency of fear, keep you locked right here  
And hope you never leave this, never be a leader  
Think inside the box and follow all procedures

Never ever believe that you will never need this  
Hit up all your friends and tell them to repeat this  
Hi, you're on the air, now what you wanna hear?  
We ain't got the truth but how about a remix?

Different is never good, good is only what we pick  
You ain't got a hit unless it sounds like these did  
Not too smart, you will be a superstar  
And if you dumb or something maybe you could be  
number one

Over again and over again  
And over again and over again  
And over again and we know when  
When we call in and nothing's free

Sounds to me like  
State run radio, state run radio  
State run radio, state run radio  
State run radio, state run radio  
State run radio, state run radio

So beware what's on the airwaves  
And be more aware of what's not getting' airplay  
Independent spirit, you can barely hear what they're  
sayin'  
Truth ain't gettin' on like shampoo on an airplane

Propaganda's everywhere, constantly on replay  
All the hits, all the time, back to back on relay  
When really where it lives, make the records we play  
Build your own station, become your own DJs

You must be  
A radio station  
And who are we, we must be  
A number 1 songs spinning all day long

And you put me  
In daily rotation  
You're on the air, we know your scam  
But we don't care, we'll play here

Over again and over again

And over again and over again  
And over again and we know when  
When we call in and nothing's free

Sounds to me like  
State run radio, state run radio  
State run radio, state run radio  
State run radio, state run radio  
State run radio, state run radio

State run radio, state run radio  
State run radio, state run radio  
State run radio, state run radio  
State run radio, state run radio
