Yeah!

I was Like
Porsche Puller
Air Force Footer
Automatic wristed
Therefore shook-up

Causing a stir
Every time I push up
007 with a jester and a look-up
It's Corella-Ella from the F&F crew
With a tiger on his shirt
Alligator on his blues
With a nice young lady
And some righteous kung-fu
I'm fighting without fighting
And lighting you young fools

Frankensteins of mine
I tighten you young screws
Send lighting to your mind
And make you move
Car like cannonball
Run!

I'm lighting my guns fuse
One, that mean I'll lean and leave you
I'm mean as needles
They hook to my hooks
They rehearse my verse
And they sing my singles
I can't even see you

With it Tilted
Brim low
Brim low
With a Cartier eye
And his car go by like
NEEEEEEOOOOOWWWWW!

Tilted (Tilted)
Brim Low
Brim low
With a Cartier eye
And his car go by like
NEEEEEEOOOOOWWWWW!
Fresh tha def F&F!

I wear Cartier Glasses
Van dutch pants-es
Game boy advances
Next to the black berry
I'm next to my black berry Molasses
Hat very slanted
Rappin to the riders
Rider of the stances
Driver of the riders

Matter of fact
Shur the chauffeur
Reverse the fifteen
Teen is so serve
The serve is so mean
Like I served in the marines

And it's full metal jacket
Upset the Jokers
Every time I draft it
They trys to jack it
Change my will
I can wait for triple A
I remain, I chill

Even still
N*ggas don't know the drill
And I mean it needles
Just hook em with my hooks
They rehearse my verse
And they sing my singles
I can't even see you

Cause it Tilted
Brim low
Brim low
With a Cartier eye
And his car go by like
NEEEEEEOOOOOWWWWW!

Tilted (Tilted)
Brim Low
Brim low

With a Cartier eye
And his car go by like
NEEEEEEOOOOOWWWWW!
Fresh tha def F&F!

F, F I to the A S C O
Flyn' like Neo
They lien' like Leo, Cleo
Maybe they fronted
But they ain't never done it like he though
Referring to me Joe!
I feed them through the bars like CO's
I lead them through the harm like a Hero

Peaceful, but I can bring the violence
Like Nero
Right to your keyhole
Then bring it back to silence
Cause that's the G-Code

Which means that if you brought it
Or your about to bring it on
But tell the polices I ain't seen it because I had it

Tilted
Brim low
Brim low
With a Cartier eye
And his car go by like
NEEEEEEOOOOOWWWWW!

Tilted (Tilted)
Brim Low
Brim low
With a Cartier eye
And his car go by like
NEEEEEEOOOOOWWWWW!
Fresh tha def F&F!
