[Lupe Fiasco]

When first she had on baby clothes
Then she had on young lady clothes
Mom tried to keep her out the sexy clothes
Prom night she wore dressy clothes
Prom night, took all night to get ready for
Retro now she want 80's clothes
No colleges no scholarships so she put on some Navy
clothes
Pregnant now its bigger clothes
Living in ?
Different girl when the liquor flow
Stripper name, stripper clothes
Stripper pose on stripper poles
Then take off her stripper clothes
Right in front them gigalo's
Cocaine what she sniffin on
Burnt out, turnt out ? now she walk around in n-ggas
clothes
Out the sag, out the bag
Goodwill got to give her clothes
Oh the humanity, like the ?
Richard Pryor lit on fire, she can't tell what fit no more
and...

[Chorus x2]

Who are you now,
It's like everyday you change
Who are you now
Your style, your clothes, your name
Who are you now
So who are you now
Who are you now
Who are you now

So you spend all your time to fit in line
To fit in the crowd and even in your mirror's eyes
Yourself you can't identify
And just like the Energiser rabbit
You just be spinning round
And as it intensifies, your life it de-materialises

[B.o.B]

Today's stylings, injecting like a virus
From TV screens to your iris
You buy what you are provided with
Whatever your size is
You lay it flat then iron it
And if you fight it, its like David verse Goliath
Cause that skin you suposed to hide it
Dress it up and deny it
Cant even go natural no more cause if do you probably
wont get hired
So tell me who's lying
If I am, I'm lying
On the ground but I'm flying
And they still tryna find me

[Chorus x2]

Who are you now,
It's like everyday you change
Who are you now
Your style your clothes your name
Who are you now
So who are you now
Who are you now
Who are you now

[Chorus]
