It's so loud inside my head
with words that I should have said
As I drown in my regrets
I can't take back the words I never said

I really think the war on terror is a bunch of bullshit
Just a poor excuse for you to use up all your bullets
How much money does it take to really make a ulll clip
9/11 building seven did they really pull it?

And a bunch of other cover ups
Your child's future was the first to go with budget cuts
If you think that hurts, then wait here comes the
uppercut
The school was garbage in the first place that's on the
up and up

Keep you at the bottom but tease you with the upper
crush
You get it then they move it so you never keepin up
enough
If you turn on TV, all you see's a bunch of what the
fucks
Dude is dating so and so, blabbering about such and
such
And that ain't Jersey Shore, homie that's the news
and these the same people supposedly telling us the
truth
Limbaugh was a racist, Glen Beck is a racist, Ghaza
strip
was gettin bombed but Obama didn't say shit
That's why I didn't vote for him, next one either
I'm a part of the problem, my problem is I'm peaceful
And I believe in the people! Yeah!

It's so loud inside my head
with words that I should've said
As I drown in my regrets
I can't take back
the words I never said

Now we can say it ain't our fault

If we never heard it
but if we know better, then we probably deserve it
Jihad is not holy war, where's that in the worship?!
Murdering is not Islam and you are not observant

And you are not a Muslim
Israel don't take my side cuz look how far you've
pushed em
Walk with me into the ghetto, this is where all the kush
went
Complain about the liquor store, well whatchu drinkin
liquor for?
Complain about the gloom but when'd you pick a broom
up?
Just listenin to Pac ain't gonna make it stop
A rebel in your thoughts ain't gonna make it whole
If you don't become an actor, you'll never be a factor.
Pills with a million side effects, take em when the pain's
felt
Wash em down with Diet soda, killin off your brain cells
Crooked banks around the world will gladly give a loan
today
so If you ever miss a payment, they can take your
home away.

It's so loud inside my head
with words that I should've said
As I drown in my regrets
I can't take back
the words I never said

I think that all the silence is worse than all violence
Fear is such a weak emotion, that's why I despise it
We're scared of almost everything, afraid to even tell
the truth
So scared of what you think of me, I'm scared of even
telling you
Sometimes I'm like the only person I feel safe to tell it
to
I'm locked inside a cell in me, I know that there's a jail
in you
Consider this your bailing out, so take a breath inhale a
few
My screams is finally gettin free, my thoughts is finally
yellin through!

It's so loud inside my head
with words that I should've sad
As I drown in my regrets
I can't take back
the words I never said
