I was a man who always played around in love

So quick to take  
But so afraid to give enough.  
But now  
I've found the one  
And heaven will only know  
What only my eyes can say and time can't take away.

I was a girl who trusted no one with my heart

And the dreams that young girls dream were just  
vanishing in the  
Dark.  
But now  
I've found the one  
And heaven will only know  
What only my eyes can say  
They say -

That I will take you forever

And there will never be anyone else in my heart but  
you.  
And I will take you forever

And there will never be anyone else but you  
Anyone else but you.

Now my touch belongs to you and I will always be your  
best friend

Now my secrets are safe with you and the magic will  
never end.  
Now you are the one  
And heaven will only know  
What only our eyes can say  
They say -

That I will take you forever

And there will never be anyone else in my heart but

you.  
And I will take you forever

And there will never be anyone else but you  
Anyone else but you

Anyone else but you.

That I will take you forever

...

That I will take you forever

...

That I will take you forever
