It was good for me
It was good for you
Now nothing either
of us can say or do
can change the way
you feel tonight
Sometimes love just
slips out of sight

Just one thing before you go
Just one thing that
you've got to know
No one will ever
touch me that way
The way that you did
that very first day

(chorus)
And I will never be the same
without you here
I'll live alone
hide myself behind my tears
No I will never be the same
without your love
I'll live alone
and try so hard to rise above

The years go by
there's always someone new
to try and help me
forget about you
Time and again it
does me no good
Love never feels the
way that it should

I loved you then
I guess I'll love you forever
And even though I know

we could never stay together
I think of how

it could have been
If we could just start
all over again

(chorus)

(instrumental)

It was good for me
It was good for you
Now nothing either
of us can say or do
can change the way
you feel today
Sometimes love
just slips away

Just one thing before you go
Just one thing that
you've got to know
No one will ever
touch me that way
The way that you did
that very first day

And I will never be the same
without you here
(never be the same)
I'll live alone
hide myself behind my tears
Hey I will never be the same
without your love
(never be the same)
I'll live alone
and try so hard to rise above

(repeat to fade)
