Every night in my window
I see pictures of
The day we met

I keep wishing on the falling stars
To forget you but
It hasn't happened yet

And I still remember when you walked away
It was more than my heart could believe
Careless wind blew the smell of your perfume away
But the touch of you, it never leaves

So I'll never stop believing
Someday your love is coming back to me
No, I'll never stop believing
Someday that you'll be coming back to me

Everybody in my life
They say forget that girl
She's gone for good

How can I explain this heart
It just keeps hanging on
'Cause something says it should

Oh, I go on remembering how good we were
The sweetest days I'll ever know
This careless boy, somehow he let you get away
But the touch of you, he'll never let it go

So I'll never stop believing
Someday your love is coming back to me
No, I'll never stop believing
Someday that you'll be coming back to me

So I'll never stop believing
Someday your love is coming back to me

Time and time again I see
Just how much she meant to me
Oh, a love like that is meant to be

She's got to come back, she's got to come back

And I still remember when you walked away
It was more than my heart could believe
Careless wind blew the smell of your perfume away
But the touch of you, it never leaves

And I go on remembering how good we were
The sweetest days I'll ever know
This careless boy, somehow he let you get away
But the touch of you, he'll never let it go

So I'll never stop believing
Someday your love is coming back to me
No, I'll never stop believing
Someday that you'll be coming back to me

So I'll never stop believing
Someday your love is coming back to me
No, I'll never stop believing
Someday that you'll be coming back to me

So I'll never stop believing
Someday your love is coming back to me
No, I'll never stop believing
Someday that you'll be coming back to me
