Hey if you are my fallen star  
I'm afraid that will go to far  
?? cross and loss??? is in my thing sweet thing  
Can we just slow down  
Chorus:  
??? can read your mind  
Can you read mine  
There it goes in double time  
I can read your mind  
Can you read mine  
There it goes in double time  
Fall and fall if we don't stall  
See enough we'll see it all  
When do I end where do you begin  
They say I should be strong enough  
Just to let the good things in  
So here we are nobody's pure so far  
That guy says he is  
But he still drives a car  
Chorus  
Be kind you'll find  
It's yours  
Be kind  
Be sure  
You'll find  
It's yours
