I feel small when I am
Next to you
I feel big when I
Forget you

I feel small when I am
Next to you
I feel big when I
Forget you

Why do you make me feel so
Why do you make me feel so
Why do you make me feel so
Why do you make me feel so small

I'm draggin' in your deep shag
What I become, what I become
I'm in your deep shag, stuck in rags
What I become, what I become

Believe me I am teething
When my eyes are full of feeling
I forget my personality
My hell raising days, they seem so sweet

And I'm always telling you
Lies to hide the truth inside
The fetus I become
The minute I succumb to your embrace

I'm draggin' in your deep shag
What I become, what I become
I'm in your deep shag, stuck in rags
What I become, what I become
What I become, what I become
What I become, what I become

Believe me I am teething
When my eyes are full of feeling
I forget my personality
My hell raising days, they seem so sweet

And I'm always telling you
Lies to hid the truth inside
The fetus I become
The minute I succumb to your embrace
I succumb to your embrace
I succumb to your embrace
I succumb to your embrace
I succumb to your embrace

Draggin' in your deep shag
What I become, what I become
I'm in your deep shag, stuck in rags
What I become, what I become

Believe me I am teething
When my eyes are full of feeling
I forget my personality
My hell raising days, they seem so sweet

And I'm always telling you
Lies to hid the truth inside
The fetus I become
The minute I succumb to your embrace
I succumb to your embrace
I succumb to your embrace
I succumb to your embrace
I succumb to your embrace

[Incomprehensible] in your deep shag
