Don't know how it happened
And I don't know why
My baby's lying in a manger
Came to me from on high
Came to me from a stranger
Don't know how it happened
And I don't know why
My baby's lying in a manger
He came to me from on high
He came to me from a stranger
Welcome be
The queen of bliss
Welcome all to more and less
Chorus backwards
Don't know how it happened
And I don't know why
My baby's lying in a manger
He came to me from on high
He came to me from a stranger
Welcome be
The queen of bliss
Welcome all to more and less
