Together:

I've been so happy since I walked away
I never thought that I could
Feel as great as I do today
'cause you were nothing but a big mistake
And life is wonderful, now that I'm rid of you

Jarvis:

Oh I must've been crazy to have stayed with you
I can't believe I thought I was in love with you
But now the scales have fallen, I can really see
And I say go to hell, 'cause that's where you took me

Miki:

Well, I've felt better since I slammed that door
You always cramped my style, I never noticed before
It's been a non-stop party since I flew the coop
I can't believe I fell for such a loser like you

Jarvis:

And is it any wonder that I felt so blue
When I was always having to put up with you

Miki:

Oh, here we go again, just lay the blame on me
Don't say another word, 'cause sweetheart, you're
history

[jarvis:]

[i bet you're loving every minute of it]
[sitting in your kitchen eating meager meals with the
curtains closed]
[while in your bed I'm sitting on today]
[i don't give a damn anyway]

Miki:

I know that you miss me really, bet you wish that you
still had me
You'll never find someone like me but I've got no
regrets at all

Jarvis:

'cause I've met this girl and she's so good to me
She's really beautiful, fantastic company
Oh, when I'm with her I realise what love can be
'cause she's fifty times the person you will ever be

Miki:

Good luck, mister, do you think I care?
Since you've been gone the offers have been
everywhere
I've got a million guys just lining up for me
I've turned a corner, boy, my life is ecstasy, well

Together:

I've been in heaven since I walked away
I never thought that I could feel as great as I do today
'cause you were nothing but a waste of space
And life is wonderful, now that I'm over you
