"Watching You"

Watching you baby, watching you all the time
Watching you baby, just watching you all the time
Watching you destroy yourself woman,
All you do is sit around drinkin' wine

You're worryin' me baby, I'm sittin' here wonderin' what
in the world can I do
You're worryin' me baby, I'm sittin' here wonderin' what
in the world can I do
We got so much to live for darling,
But I just can't sit here doin' nothin' and watchin' that
wine destroy you

(guitar solo)

I'm takin' you to the doctor darlin', maybe the doctor
knows what's goin' on in your head
Yeah I'm takin' you to the doctor darlin', maybe he
knows what's goin' on in your head
You gonna keep on drinkin' that bad wine baby,
Even the grass that grows on your grave will be cherry
red
