Blues with a feeling
That's what I have today

Blues with a feeling
Lord that's what I have today

I gotta find my baby
If it talkes me all night and day

I got blues at midnight
I got blues in the even too

I have blues at midnight
I have blues in the even too

I have thought all about you darling
Since the little girl you know I lost you
Mercy this morning

Love you early in the morning
I love you late at night
Something done got wrong with the mill
Tell her everything is all right

Blues with a feeling
Lord that's what I have today

I got to find my baby
If it takes me all night and day

Sometimes you do
Sometimes you will
I gotta find myself a grease can
To please plug the mill

Blues with a feeling
Lord that's what I got today

I got to find my baby
If it takes me all night and day
I got to find my woman you all

Can't sleep at night
I cannot through the day
I can't hold on much longer now
Living this way

Blues with a feeling
Ahh that's what I have today

I got to find my baby
If it takes me all night and day
