Watching you babe  
Watching you all the time

Watching you baby  
Just watching you all the time

Watching you destroy yourself woman  
All you do is sit around drinking wine

You worry me babe  
I'm sitting here wondering what in the world can I do

Worry me babe  
I'm sitting wondering what in the world can I do

We've got so much to live for darling  
But I just can't sit here doing nothing and watching that  
wine destroy you

I'm talking you to the doctor darling  
Maybe the doctor knows what's going on in your head

Yeah I'm taking you to the doctor darling  
Maybe he knows what's going on in your head

You're gonna keep on drinking that bad wine baby  
Even the grass that grows on your grave will be cherry  
red
