Watching you baby, watching you all the time  
Watching you baby, just watching you all the time  
Watching you destroy yourself woman,  
All you do is sit around drinkin' wine

You're worryin' me baby, I'm sittin' here wonderin' what  
in the world can I do  
You're worryin' me baby, I'm sittin' here wonderin' what  
in the world can I do  
We got so much to live for darling,  
But I just can't sit here doin' nothin' and watchin' that  
wine destroy you

(guitar solo)

I'm takin' you to the doctor darlin', maybe the doctor  
knows what's goin' on in your head  
Yeah I'm takin' you to the doctor darlin', maybe he  
knows what's goin' on in your head  
You gonna keep on drinkin' that bad wine baby,  
Even the grass that grows on your grave will be cherry  
red
