Title: You win

Long ago I needed you
You say you'd be the one
Ooh but you would never give your heart
You had to turn and run
But you left the train of lovers
And they all wanted more
Here I am waiting just outside your door - Oh

You win I lose
I don't wonder what for
You win I lose
It don't matter any more
You win I lose
I guess love works that way sometimes

I Tried my best to ????
????
But you didn't seem to notice
It was only me, keeping score Ooh oh.

You win I lose
I don't wonder what for
You win I lose
It don't matter anymore
You win I lose
I guess love works that way sometimes

Love can make you laugh
Love can make you cry
Sometimes you'd swear you would think you're gonna
die
When you find it's passed you by

Now I stumble through your life again
Just when I thought I've found my way
I can see I'm givin' out there
Do what you want, it's ok, Ok!

You win I lose

I don't wonder what for
You win I lose
It don't matter any more
You win I lose
I guess LOVE works that way sometimes
Love works that way

You win I Lose - You win I lose
You win baby I lose - You win I lose
Yeah you win and baby I loose

You win I lose
You win baby I lose
