Chorus

I am so satisfied.
I am so satisfied with my Savior.
He means more to me than anything, anything that this
world
Could ever offer.
I am so satisfied.
I am so satisfied with my Savior
He means more to me than anything,
Anything that this world could ever offer me.

Verse I

I'm satisfied with the way that He cares for me.
And how He makes a way when there seems to be no
hope for me
And yes I'm satisfied with the joy He placed within my
soul
And how He helps me to bear my heavy load.

Verse II

He's so wonderful. He's so merciful.
He looks out for me even though I'm not all that I
should be
And what makes Him so very special is the fact that He
gave
His very life for me.
What more, what more, what more can I say?
