I speak to myself sometimes, and I say, "Oh my  
In a lot of ways, you're a lucky guy  
Now all you need is a chance to try  
Any love"

In my heart there's a need to shout  
Dyin', screamin', cryin' let me out  
Are all those feelings that want to touch  
Any love?

What a world for the lonely guy  
Sometimes I feel I'm gonna lose my mind  
Can anybody tell me just where to find  
Any love, any love?

[Chorus:]  
Everyone needs a love no doubt  
Any love, Any love  
Everybody feels alone without  
Any love, any love

I know there's a love waiting  
To enter my life, enter my life

Every day as I live  
I try to think positive  
I pray for someone good to come  
Any love

Love is sweet and so divine  
And I can't wait for my love life to shine  
Can anybody tell me where I can find  
Any love, any love?

[Chorus]

I know there's someone waiting for me  
To enter my life, Come into my life

Suddenly I'm up in clear blue skies  
Lonely tears start to fill my eyes  
I can weep, but I refuse to cry

I've got to keep holding on

To think love is strong

To keep holding on

[Chorus]

And I know I know I know I know she'll come into my life

Come into my life
