Why am I not surprised, I see it in your eyes
You're just not happy with your life
Running from guy to guy
Living another lie when you should be mine

I saw you on the block today
Was gonna speak, but I walked away
Couldn't find a single thing to say
Down the street the thought had still remained
Girl he must be insane
How could he treat you that way, oh

Just cuz he wants to make love
Doesn't mean that he's in love with you
And I really hope you hear me this time
Maybe one day you'll wake up
Then you'll have to face up to the truth

I don't want to be a hater
But he really needs to raise up off you
And I hope you understand it tonight
I don't care what it takes girl
There's too much at stake girl
No mountain's too high to climb
To bring your heart to mine

Why do we play this game
Love can't be contained
I've got to make my move, oh yeah
I can feel the flames
Whenever you're close to me
I don't know what to do

I'll wait long as I can for you
Give all that I am for you
I know he's not the man for you
In my soul, I got plans for you
I'll be holding on (Yeah)
Cuz I know that he'll be gone, ooh

Just cuz he wants to make love

Doesn't mean that he's in love with you
And I really hope you hear me tonight
Maybe one day you'll wake up
Then you'll have to face up to the truth

I don't want to be a hater
But he really needs to raise up off you
Girl I really hope you hear me this time
I don't care what it takes girl
There's too much at stake girl
Just give me some kind of sign
And I'll bring your heart to mine

Girl, I know sometimes
That you feel like the sun don't shine
But if you look real deep inside
You'll realize you should be mine

Just cuz he wants to make love
Doesn't mean that he's in love with you
Won't you try to understand me tonight
Maybe one day you'll wake up
Then you'll have to face up to the truth

I don't want to be a hater
But he really needs to raise up off you
Girl, I swear that what I'm saying it right
I don't care what it takes girl
There's too much at stake girl
I'll come for you anytime
To bring your heart to mine

Just cuz he wants to make love
Doesn't mean that he's in love with you
I really hope you hear me tonight
Maybe one day you'll wake up
And give me your love
It's killing me but I'm trying
To bring your heart to mine
