Morning

Some of y'all may think

That this next track

A little risky for a Luther joint

But all you gotta do is listen to get it

Get it right

Alright, ch'all, lets start from number one

And get down till it's done

Now watch this sketch as I stretch this mall

Too live to drive so we put it in park

With Luther hoping that you feeling his groove

Get you open on the instruments too, one two, one two

And I say, jottin' down the lines

Like dots on the Parkway

My Auntie Eloise say stay on your Q's and P's

And until the days of D's, I'm doin' what I please

Ease on down like the road

Depending on the mood, definitely into more

And you can catch a yellow brick

You need to run and tell your click

That the female in town is bringing it

Now listen, Mission Impossible

Keep it general like the hospital

Shake, rattle and roll, to rock wit' chu

The Pre to the C-I-S-E do

Let's get this thing to workin'

There's no reason to wait

The time is now to start it

We all could use the change

Do it till we get it, get it right

Till we get it

Ain't no doubt, "Cise" is gonna turn it out

Do it till we get

Stay with it and get it right

Do it till we get it

Never stop, Luther take it to the top

Do it till we get it

Take the time and get it right

Get all up in your back and down your spine
Got to keep it on track like the A train line
To the junction out in Brooklyn
What's your function
Keep you lookin' once again
As I punch in those lines like the SV-1200
Precise on the mic, you
But we gon' get top shot at the party
Started rockin'
And I got first dibs on the dark skinned kid

And I know just how to do it
To make it really nice
There's no mystery to it
Do it till you get it right

Do it till we get it, get it right
Till we get it
Ain't no doubt, "Cise" is gonna turn it out
Do it till we get
Stay with it and get it right
Do it till we get it
Never stop, Luther take it to the top
Do it till we get it
Take the time and get it right

Feels so good to get it
Get it
It's so good to get it
Get it, get it right
Feels so good to get it
Get it
It's so good to get it
Get it, get it right

And oh, don't give up now
We can make it, we can take it right to the top
Come on and never stop
Oh, and let's reach for the sky
And if we keep believing we can never go too high
Why don't we give it a try
Come on and keep reaching up
And don't you worry
No, you won't use up your stuff
No way to get enough
Do it till we get it right
And even if it takes from morning till way into night
We got to

Do it till we get it, get it right
Till we get it

Ain't no doubt, "Cise" is gonna turn it out
Do it till we get
Stay with it and get it right
Do it till we get it
Never stop, Luther take it to the top
Do it till we get it
Take the time and get it right

Till we get it
Ain't no doubt, "Cise" is gonna turn it out
Do it till we get it
Stay with it and get it right
Never stop, Luther take ya to the top
Do it till we get it
Take the time and get it right

How y'all feeling tonight
Better hold on tight
Throw your hands in the air If you're getting it right
What we got you'll like
But it's not quite the regular jam
Luther and Precise
How y'all feeling tonight
Better hold on tight
Throw your hands in the air if you're getting it right
What we got you'll like
But it's not quite your regular jam
Luther and Precise

Feels so good to get it
Get it
It's so good to get it
Get it, get it right
Feels so good to get it
Get it
It's so good to get it
Get it, get it right
