(feat. Queen Latifah)

Well by now you know Iâ€™m insatiable
Â‘Cause when you step to leave I want a full repeat,
yeah
Itâ€™s a miracle, you were right inside my head
If the feelingâ€™s nice, why not do it twice?
It is not against the law, no baby
I slave all through the week
And I need my release
I work hard so when I stop
I gotta get a little satisfaction for me
Hit it again
Donâ€™t care if Iâ€™m late
The world just has to wait
Hit it again, hit it again, baby
Hit it again
I loved it the first time
Sent chills up through my spine
Hit it again, hit it again, baby
Deep emotion ainâ€™t got nothing to do with it
And being in love ainâ€™t really got a thing to do with it
I hope you understand
But I canâ€™t worry if you donâ€™t, oh no
If I canâ€™t double up
Itâ€™s like I didnâ€™t get enough
Call me greedy if you want, just do it
But itâ€™s something that will never change

I donâ€™t get no complaints
They know it when they ring my bell
That this could be a thing that could take a little while,
well, well
Hit it again
Donâ€™t care if Iâ€™m late
The world just has to wait
Hit it again, hit it again, baby
Hit it again
I loved it the first time
Sent chills up through my spine
Hit it again, hit it again, baby
I declare the point to be

Once is not enough for me
Two time lovin' makes me smile
One time love just ain't my style
Repeat the love and I have found
More the second time around
It builds me up I love to love
And if I can't hit it again
It ain't natural
Hit it again
Don't care if I'm late
The world just has to wait
Hit it again, hit it again, baby
Hit it again
I loved it the first time
Sent chills up through my spine
Hit it again, hit it again, baby
