HUSTLE

Luther Vandross and Marcus Miller

(album: NEVER LET ME GO - 1993)

Monologue:

I love when the day is new

We get to start all over

But the thing is sometimes getting through the day

Is just one big hustle

The world is waiting, dawn is here

Ain't got time to waste, we need to work, my dear

Hurry, hurry can't delay

Get up and start today, it's time to ...

Chorus I:

Hustle

Oh, trying to keep things together

Working all day, finding a way ...to hustle

Soon I'll be back to you

But first I got a lot to do

We learn to fight to survive

And that's how we manage to stay alive

Then we let the night settle in

Then I get to see my babe again

I know you're waiting patiently

You're home before I am, and so you wait for me

Anticipatin', I rush I do

I'm coming back to you, I've got to

Hustle

Oh, I can't stay in this place

I've got to see my baby's face (Hustle)

Sure as I breathe and live

I've got a lot of love to give

You're my lady, I'm your man

Let's turn the music up

I think it's time to dance

Night has fallen

Spirits rise

Ain't no compromise, we came to ...

Hustle

Up all night, don't stop yet

Just let the music make you sweat and

Hustle

Forget about the work we do

I just wanna be with you

Fade
