Now I been gone, for sometime baby
But I been thinkin' of you, the whole time through
The thought of your love got me excited
And now that all the waitin' is done
It's time to have some fun my baby

Baby I love you so
I wanna love you head to toe
I can't wait, no I can't wait no longer
Come on baby, let's do this

You are my lover and my friend
I wanna love you 'til the end
I can't wait, no I can't wait no longer
So come on girl let's do this, yeah

Now you know I'm not complicated
I only need you my sweet baby
Now that I'm back you better get ready
'Cause I saved it all for you
I'm gonna love you through and through my baby

Baby I want you so
I wanna love you head to toe
I can't wait, no I can't wait no longer
So come on girl, let's do this

You are my lover and my friend
I wanna love you 'til the end
I can't wait, no I can't wait no longer
So come on girl let's do this, yeah

So work it out, lace this if you can
And stay around you the man and I need you to be
