Wait a minute, this is where I draw the line
Tell me what's got into you 'cause apparently you've
lost your mind
Repetitious fault just can't be overlooked
So I'm reading you your rights in case you
misunderstood

The first time, a mistake
Second time, a bad decision
Third time, there won't be one
'Cause I won't let you do that to me

The first time, a mistake
Second time, a bad decision
Third time, honey, dream on
'Cause I won't let you do that to me

Don't think I haven't checked out all your alibies
And the evidence concludes that you're just telling me
half the truth
Still I keep giving you the benefit of doubt
'Cause I fell so deep in love with you, I struggle to get
around

So if you wanna be down for me, I'm gonna be down
for you
And if twice you break the rules I've got to move on
You believed your first time, cost you 25 years to life
But I won't wait for a third heartbreak, with my heart it's
only two

The first time, a mistake
Second time, a bad decision
Third time, there won't be one
'Cause I won't let you do that to me

The first time, a mistake
Second time, a bad decision
Third time, honey, dream on
'Cause I won't let you do that to me

I don't believe you would mistake me for a fool

So if you're really smart, you better think twice before
you move
I'll be too busy watching to hear a word you say
Just don't make the same mistake again and
everything's okay
