I could write a book on love, the way you make me feel
I never knew someone could have a love so real
Call it a special heart, call it a love so true
But, in a little while I'm getting close to you

See, I'm about to lose my mind
(Love is on the way)
I'm so excited, it's a crime
(Love is on the way)

Gonna be real love, really, really
(Real love)
Really, real love
(Oh love)
Oh love

Callin' up all my friends to tell them how right they've
been
They said, you would take me back into your arms
again
I wanna do right this time, I like the way it feels
Don't wanna ask too much, just wanna feel your touch

Well, I'm about to lose my mind
(Love is on the way)
I'm so excited, it's a crime
(Love is on the way)

It's gonna be real love
Really, really, really, real love
Yeah, yeah
(Oh love)
Oh love

I'm all excited
(Love is on the way)
I'm so delighted
(Love is on the way)

'Cause love is comin'
(Love is on the way)
And I've been waitin' for the day for love to come

(Love is on the way)

My heart is flyin'
(Love is on the way)
There's no denying
(Love is coming)
Oh love, oh love

See, I'm about to lose my mind
(Love is on the way)
I'm so excited, it's a crime
(Love is on the way)

And it's gonna be real love
Really, really, really, real
(Real love)
Oh love

I get a second chance today
(Love is on the way)
It's really true love and I can say
(Love is on the way)

It's gonna be real love
Really, real, really forever
(Real love)
Ohh

Well, I'm about to lose control
(Love is on the way)
'Cause love is coming, don't you know?
(Love is on the way)

It's gonna be real love, real love, real, real love
(Real love)
Gonna be, gonna be

I know for sure that this is it
(Love is on the way)
Can't talk to you now, there's love to get
(Love is on the way)

It's gonna be real love, really
(Real love)
Really, it's real love I know that it's real love I know

Real love
(Love is on the way)
Really baby, real love
(Love is on the way)
Ooh baby

(Real love)
Real love, real love
