You found me when I was alone
You held me and you made my heart your home
I sit around and dream and there's no one else I see
'Cuz there's no one else for me
I don't feel like crying

I have no tears
'Cuz I have no reason to cry
Love is on my mind
And my heart's no longer blue
Now that I have you
(You, you, you)
Ahh, you
(You, you, you)
Ooh you
(You, you, you)
Eh hey you

I don't let anyone tell me what to do
How to love, who to love
They don't know you like I know you
This is so natural, it's hard to believe

People all around me
And there's no one else I see
'Cuz there's no one else for me
I don't feel like crying

I have no tears
'Cuz I have no reason to cry
Love is on my mind
And my heart's no longer blue
Now that I have you, yeah
(You, you, you)

I have the world and I have no fears
And I know where my happiness is
Now that I've got you to care
Now that you've got me forever
Everything I don't want is gone
And I know, I can't live without your love

All the things I wanted now
Are starting to be true
(I can't live without your love)
And all the dreams I ever dreamed
Are coming now that I have you

Love is on my mind
And my heart's no longer blue
Honey, now that I have you
Oh, now that I have you
Now that I have you
(You, you, you)
Now that I have you
(You, you, you)
Now that I have you
