Whatcha gonna do?
Whatcha gonna do?
Whatcha gonna do?
Whatcha gonna do?

Why did you tell your girlfriend
You were hanging with the boys
She called me last night
And I tried to cover for

She asked if I liked the flick
That we all went out to see, yo, I mean this
I said, "Oh uh, well, it was nice"
She said, "Don't you lie to me"

You messed up you should've warned me first
(She saw you)
I'm sad to tell ya
You should've told me 'cause you made it worse
(She saw you)
Unlucky fella

You better take that credit card
(She saw you)
To Cartier
You better hope with all you got
(She saw you)
She feels like forgiving you today
Too bad for you

You were out there trying to be a player
Now she's gone, it's true, you my boy
But it's hard to feel that sorry for you

She saw you
(It's not right)
Now this is the end
(It's not right)

Whatcha gonna do?
Saw you kiss the very girl
(Who's supposed to be)

Only your friend

She's convinced you took her heart
And played with it like a toy
And from what I heard

You just might need you a lawyer
It's too late for feeling bad
You did not respect the girl, what?

You tried to play around
And got caught with your pants down
You can't escape from what you've done

(She saw you)
Your time is up
You're like a deer who's caught up in
(She saw you)
The headlights of love

You can't be too proud to plead
(She saw you)
She's gonna make you pay
Forgiveness is what you need
(She saw you)
She's too mad to let you get away
Looks bad to me

You were busy trying to be a player
Now she's gone, breathe deep
You can't be doing that creep, creep, creep, creep

She saw you
(It's not right)
Ooh, now this is the end, it is
(It's not right)
It is, yeah

Saw you kiss the very girl
Who's supposed to be
Only your friend
It's hard to feel that sorry for you

She saw you
(It's not right)
Now this is the end
(It's not right)
Ooh, ooh

Saw you kiss the very girl
Who's supposed to be

Only your friend

Busted

Whatcha gonna do?

Whatcha gonna do?

Busted

Busted, busted, busted

Busted, busted, busted

Whatcha gonna do?

Whatcha gonna do?

That's right

She's too mad to let you get away

Looks bad to me

You were busy trying to be a player

Now she's gone, breathe deep

You can't be doing that creep, creep, creep, creep

She saw you

(It's not right)

Yes, she did

Now this is the end, didn't see it

(It's not right)

Didn't see it coming

Saw you kiss the very girl

(Who's supposed to be)

Only your friend

What were you doing?

She saw you

(It's not right)

Yeah

Now this is the end, yeah, yeah

(It's not right)

Saw you kiss the very girl

(Who's supposed to be)

Only your friend

She saw you

(It's not right)

Now this is the end

(It's not right)

Saw you kiss the very girl

(Who's supposed to be)

Only your friend

She saw you
(It's not right)
Now this is the end
(It's not right)
