After the dance I walked my baby home under the
moonlight

It was a scene, right from my fantasy
She said the things that made me wanna say
How much I love her
(Don't love no other)
It couldn't be, ooh, she's so good to me

And when the morning came around
Well, she had not let me down, she was still my lover
I must confess that I put love to the test
To see if there was any others

She proved to me, oh, what a real good love she'd be
And she was so excited
Deep in her eyes was a promise of the love
That I've been dreaming of, oh
She made me love the world, well
So I know she's my girl

I'm on the cloud where no one is allowed except my
lady
High as can be, she's so good to me
Well, I don't care or know what the people down below
Think 'bout my baby, maybe I'm crazy
But it's ecstasy, yeah, she's so good to me

She's so very fine
(And I love her and I love her)
She's the one I see
(Yes, I love her, yes, I love her)
Well, I do know day and night
No one else could be so right
She's so good to me

Yeah, she's the world for me, say 1 2 3
(And I love her and I love her)
She's my fantasy
(Yes, I love her, yes, I love her)
When the whole world lets me down
People driving me around
She's so truly good to me

My lady love and I always have a real good time
Just the three of us
We never stop, till the hands up on the clock
Say the night is up

We see the sun and then the fun has just begun
'Cause it's a brand new day, yeah
I hurry through of the things I've got to do
And then I'm on the way, yeah
Back together love, I've been day dreaming of

I don't agree, they say that every love has got to
change
How can it be? She's so good to me?
Now, they say that suddenly, she'll start to acting
strange
(She's gonna change)
No, not my baby, she's so good to me

She's so very fine
(And I love her and I love her)
She's the one I see
(Yes I love her, yes, I love her)
Well, I do know day and night
No one else could be so right
She's so good to me

Yeah, she's the world for me, say 1 2 3
(And I love her and I love her)
She's my fantasy
(Yes, I love her, yes, I love her)
When the whole world lets me down
With people driving me around
She's so truly good to me

So good to me
She's so very fine
(And I love her)
