Oh oh yeah yeah  
Oh yeah, yeah yeah

So close to paradise but closer than I should be  
It's like I'm along for the ride, it happened  
unexpectedly  
Promised myself that I wouldn't ever love again  
But you make me feel something, my mind's always on  
you

I was standing in the rain  
(I thought about you)  
I was riding on the train  
(I thought about you)  
Feeling high like I seem to do  
Every time I think about you

Saw two lovers start to kiss  
(I thought about you)  
Had to hold back the tears  
(I thought about you)  
Other girls no more exist  
All because I think about you

Nothing seems to help, I don't even know myself  
I'm trying not to think of you but a heart does what it  
wants to do  
Pass you by, see you smile and I must admit I get  
So emotional, I think I'm falling for you

Bought a pillow for my room  
(I thought about you)  
Heard Alicia sing a tune  
(I thought about you)  
It sends my rocket to the moon  
(Every time I think about you)  
Happens every time oh

Right from this heart of mine  
(I thought about you)  
I wanted you every time  
(I thought about you)

What I'm feel is so divine  
And it's all because I think about you

But I, I'm constantly reminded  
(I, I)  
Reminded that you're only someone who I'd like to  
know  
You don't know me, you're my private fantasy  
You're with me, constantly in my mind  
(You you you you you)

Oh you  
(You you you)  
Happens every time I think about you you you you you  
you  
(You you you)  
Oh you you  
(You you you)  
And I  
(You you you)  
I do need you  
(Every time I think about you)

Had a lovely day today  
(I thought about you)  
Wasn't hard to get through  
(I thought about you)  
Seems to happen easily  
Every time I think about you

Took a walk with myself  
(I thought about you)  
Wish it could've been with you  
(I thought about you)  
But every star in the sky came out for me  
And it's all because I think about you

(You you)  
(I thought about you)  
You  
(You you)  
(I thought about you)  
(Lovin' you baby)  
Yeah yeah, every time I think about you  
(Lovin' you baby)

(You you)  
You  
(I thought about you)  
(Lovin' you, lovin' you baby)  
(You you)

You  
(I thought about you)  
You you  
(You you you)  
All because I think about you  
(Lovin' you baby)

(You you)  
(I thought about you)  
(You you)  
I feel baby  
(I thought about you)  
(Lovin' you baby)  
(You you you)  
Every time I think about you  
(I think about you)  
(Lovin' you, lovin' you baby)

(You you)  
(I thought about you)  
Love you baby, oh yeah  
(You you)  
(I thought about you)  
(Lovin' you baby)  
(You you you)  
And it's all because I think about you  
(Lovin' you baby)
