Don't be discouraged
Don't be dismayed
There's hope for all
In this world
Cause this
Is Christmas day
Say a little prayer
For the world

God Teach us love
Though you think
He doesn't hear
I know he does

This is Christmas
Let the world sing
Let a soul
Began to heal
Hallejuah
This is Christmas
And with love
We can began today

Christmas bells ring
Peoples heart sing
I forget
About all the troubles
I seem to have
Tell myself to feel
How my brother feels
Try to love'em
Then maybe
Then I
Could understand

Make a little room
In our hearts
No hearts to small
Can love
Each other today
Cause after all

This is Christmas
Let the world sing
Let a soul
Began to heal
Hallejuah
This is christmas
And with love
We can began today

Come, come, come
See the little one
Come, come, come
See the little one
Come see the baby
Come see the baby

This is Christmas
Let the world sing
Let a soul
Began to heal
Hallejuah
This is Christmas
And with love
We can began today

(Chorus)
