Sitting on the morning train  
Sometimes I drift away  
I start daydreaming again  
My visions in life  
Has been to make ends meet  
Out on this voyage I've been gone  
Got to get up on my feet  
Like a child with crayons drawing pictures  
Then I would turn the page  
So much I wanna see  
Standing at a crossroad  
I don't know  
Which way I should go  
Solitude will be conquered  
That I know  
Standing at a crossroad  
I don't know  
Which way I should go  
Solitude will be conquered  
That I know  
Like a child with crayons drawing pictures  
Then I would turn the page  
So much I wanna see  
Standing at a crossroad  
I don't know  
Which way I should go  
Solitude will be conquered  
That I know  
Standing at a crossroad  
I don't know  
Which way I should go  
Solitude will be conquered  
That I know

That's why the heart is a lonely hunter  
And I've never been lost before  
I'm gonna find me a way to get back to you  
And then we won't be lost no more  
That's why the heart is a lonely hunter  
And I've never been lost before  
I'm gonna find me a way to get back to you

And then we won't be lost no more  
That's why the heart is a lonely hunter  
And I've never been lost before  
I'm gonna find me a way to get back to you  
And then we won't be lost no more
