I was bounded up
My mouth was shut
My hands in chains
In my life sin reigned
I did not move unless it told me to
I did not walk unless it allowed
I did not talk I did not scream
But not now because the truth is up
You deserve all the glory and praise
God, I praise you

I would rather die for you(Jesus) Than to be with
you(satan)
I would rather die for you anyway
Holy Spirit come take me away
I will never go and I will never leave you
Every step that I take I will be with you
Forever God I praise you
