It's so cold in my heart
Love has never been so far away
Now I may be your friend
After all in the end
I'm going off the loser

Hey Bob, you said you wanted me so badly
But all you meant to say is be my best friend
Thanks, though, for inviting me at your party
Your wife looks well you must be a happy man

Pray that you can't see you're messing my heart
Wedding bells sounding like thunder to me

Never wanted to be, never wanted to be
Never wanted to be your friend
How I wanted be part of you and me
I'd be showing what I am
It's so cold in my heart
It's so cold in my heart
Love has never been so far away
Now I may be your friend
After all in the end
I am coming of the loser

It's so cold in my heart
Love has never been so far away

Say Bob, one more thing before I'm leaving you're
place now
I'm gonna make a trip for quite some time
Thanks Bob, for not asking where I'll be going
Of course I won't forget to drop you a line

Pray that you can't see you're messing my heart
Wedding bells sounding like thunder to me

Never wanted to be, never wanted to be
Never wanted to be your friend
How I wanted be part of you and me
I'd be showing what I am

It's so cold in my heart
It's so cold in my heart
Love has never been so far away
Now I may be your friend
After all in the end
I am coming of the loser
