Destroy, erase, eliminate
Obliterate, devastate, annihilate
Kill, slay, murder, execute
Reduce to nothing the christian filth

Antichristian War Propaganda
The Absolute is here to declare War
We follow the path of the Serpent
The way to everything

The zero god is shit
He is emptiness
His son a drug addict
With too much visions

We are your inner self
Breaking through
Satanic, evil, truth
Human - Demon

For the Lord is Satan
He is accuracy
Thou will breed within
Thy eternity

Terminal proclamation
We are free
Antichristian reign
In fucking ecstasy
