I end my life with pride  
The ultimate fulfillment

My acts now have a goal  
Servitude for Thy will

The power to corrode purity  
Feeble essence to terminate  
Slow Death for Satan  
Corrosion & Decay

Trapped inside your body  
You cannot sustain  
The pain that I give you  
You should be grateful

Now you know what Death is  
The power of suffering  
Now you cry for more  
Am I right? Now you fall...

Corrode, for the glory of Hell  
Found the Pain in life  
Corrode, I shall put you in Torment  
Designed to all mankind...
