Time of words

Worthless blasphemies

Heretic nonsense

Of weak minds

Time for Destruction

The useful Pain

Effective disgrace

Burning calamity

Subversive acts

No Blood in vain

Christian waste

By Satanic will

Denial's end, ways to destroy

Denial's end, the end of the weak

Destroy, Subvert

I am the Action of Thy Word

The Word of Satan

Is already done

His orders of Pain

His loyal Son
