Oh smoke, sweet smoke around
The sky turns black covering eye of sun
Riding the demon of wrath
I bring the fire
I am revenge
The heart of the storm
What a beautiful landscapes around
That ruby glares
In the spilled wine
(or is it a blood? their blood?)
The night is so bright
As the stars have fallen down

Oh smoke, more smoke around
Inferno crawled upon the earth
Yeah, it must be the hell itself
I was the one who has shown them the way
From splendor to ashes
From might to dust

He cannot hide now
The war has begun
